

In 2007 the Chamber Policy Team looks forward to continuing the Working Group's activity and cooperation with relevant State authorities in sphere of **waste packaging management issues**. We are working on maintaining contacts and establishing new ones with the Verkhovna Rada Committees, Peoples Deputies, Cabinet of Ministers of Ukraine and the Ministry of Environmental Protection to protect the interests of the Chamber Membership.

To elaborate the tentative agenda for 2007 we would like to ask you to submit your ideas regarding **priorities for the Working Group's activity in 2007**. The Chamber Policy Team believes it is important to continue our work regarding the Cabinet of Ministers Decree ¹ 915 of 26.07.2001 "On implementation of the system of collecting, sorting, transportation, recycling and utilization of wastes as secondary raw materials" and changes in the Law of Ukraine "On Waste". Also, we are going to continue our cooperation with the UkrPAC Association on the above-mentioned issues.

Please provide us with information regarding what issues we should give more consideration, what new draft regulations/laws should be supported and in this context what officials the Chamber should invite to be the guest speakers at our usual meetings. Please provide any relevant **information until the close of business January 31st** to the Chamber Policy Coordinator [Ilona Zadvorna](#).

Your input and experience is key to the success of the Chamber's Lobbying and Advocacy initiatives that are undertaken for the benefit of the Membership. We look forward to your involvement and support in what promises to be a most interesting year in Ukraine
